# Tutorial Overview

## Skills To Be Acquired

The following points will be explained in detail in this User Guide

- ✔ Select the appropriate WorldDEM product
- ✔ Display the WorldDEM coverage layer
- ✔ Place requests for WorldDEM products

## Skills Recommended For A Better Understanding

You may need preliminary knowledge to better understand this User Guide. Please check the following list of skills to self evaluate your level of knowledge.

- ! [Define Your AOI](#)
- ! [How To Search For Archives](#)

## Useful Related User Guides

You may want to learn more about the use of GeoStore. Please check the following User Guides to enhance your GeoStore experience!

- [WMS Flows](#)

Any question? Please check our [FAQ section](#) from the GeoStore homepage

## Log In To Your GeoStore Premier Account

Go to [www.geostore.com](http://www.geostore.com) with your web browser. We recommend Mozilla Firefox or Google Chrome: check for [supported versions](#) in the FAQ section

Click on  and log in

Please to order a product make sure you have a Premier account. If you already have a web account, go to your [My Customer's gate](#) and fill out the form to get a Premier account

Enter your login and password

email address \*

Password \*

[Login](#)

[Forgotten or expired password?](#)

[Register](#)

## Go To The Map

Click on  on the GeoStore home page

## Select The Products required

Click on  and **tick** the required WorldDEM product in the list

- WorldDEM archives 0/3
- WorldDEM
- WorldDEM core
- WorldDEM DTM

**Select** WorldDEM<sub>core</sub> if you need an unedited Digital Surface Model.  
Usually contains radar artefacts and voids, water bodies are not flattened

**Select** WorldDEM<sup>TM</sup> if you need an edited Digital Surface Model with guaranteed hydrological consistency (e.g. flattening of water bodies, consistent flow or rivers, editing of shorelines)

**Select** WorldDEM DTM if you need a Digital Surface Model representing the bare Earth terrain (vegetation and man-made objects are removed)

Any question? Please check our [FAQ section](#) from the GeoStore homepage

## Check For WorldDEM Coverage

Click on  in the bottom right corner of the map to display the available Web Mapping Services (WMS)

Select the WorldDEM layer (tick the box), adjust opacity with the scale button

Click on  again to reduce the layers panel

Check the availability of the WorldDEM product symbolized by green tiling. If your AOI is not located within the green tiling, WorldDEM products are not yet available. However this tiling will be updated as soon as the new coverage is available.

## Define An AOI And Add A Request To The Cart

Define your AOI and select the requested product in the result list to add it to the cart

Please be advised that the **minimum invoiced area is 500 km<sup>2</sup> per product**

Please consult our [Define Your AOI User Guide](#) in the related section if you need tips about creating polygons in GeoStore

Please consult our [How to Search for Archives User Guide](#) in the related section if you need tips about handling a search in GeoStore

Any question? Please check our [FAQ section](#) from the GeoStore homepage

## Check Your Options And Processing Parameters

Click on  displayed in the top right corner of the map, check your cart before proceeding to checkout

Polygon 1	
WorldDEM Res: 12.0m	
WorldDEM DTM Res: 12.0m	
<input type="button" value="Remove all"/> <input type="button" value="Proceed to Checkout"/>	

Click on  at the top of the checkout list to export your request which contains your AOI footprint only
